About DPOR and the Board for Contractors:

The Virginia Department of Professional and Occupational Regulation (DPOR) regulates nearly 40 commercial occupations and certain professions. The agency licenses or certifies more than 300,000 individuals and businesses ranging from architects and contractors to cosmetologists and professional wrestlers.

DPOR investigates reports of regulatory violations by licensees; pursues complaints of criminal activity by unlicensed practitioners; responds to business-related consumer inquiries and requests for license checks; administers recovery funds for consumers harmed in contractor or real estate transactions; and conducts mediation services and public awareness campaigns.

The Board for Contractors licenses more than 100,000 Virginia businesses and individuals. The Board is composed of a Class A general contractor; a sub-contractor; contractors specializing in utilities, commercial and industrial buildings, single-family residences, and home improvements; a building supplier; a local building official; licensed tradesmen in plumbing, electrical, and heating, ventilation and air conditioning (HVAC); and two citizen members.

The Board administers the Virginia Contractor Transaction Recovery Fund, which provides monetary relief to eligible consumers who incur losses through the improper and dishonest conduct of a licensed contractor. The fund is supported entirely by assessments paid by licensed contractors, not by any tax revenues.
